

Applying for a job at Sapphire Independent Housing Limited

Guidance for Applicants

Please read these notes carefully before completing the application form.

The application form is very important as it is used at each stage of the recruitment process and the decision to shortlist your application is based purely on the content of the application form.

You should read through the application form carefully beforehand so that you know what information is required. Please ensure you complete all sections of the form clearly.

Please note that CVs will not be considered.

You should have a job description and person specification for each vacancy.

Job description: The job description describes the objectives and duties of the job for which you are applying. You should check that you feel able to undertake the duties of the job before applying.

Person specification: The person specification describes the skills, experience, abilities and other factors we shall be looking for when selecting applicants. Your application should explain how your skills and experience relate to the person specification, providing real examples where possible. Do not only look at work experience you have had but also include any experience you have gained outside of a work setting which may be relevant. You should ensure that you cover all the criteria in the order listed.
